

Jesse Curry  
Dallas Police Dept  
Dallas Texas

Dear Sir:

We hope you realize that the questions that should have been asked two and one half years ago are now being asked. The working of your department on November 22 and the days following are finally being placed in the proper public light and we hope that for the sanity and well being of this country the ~~xxxxxx~~ truth come out.

We are not in the habit of writing unsigned letters but the climate of your town and more especially of your department seems to indicate that this is the safest way to make our views known to you.

We hope that you will be given a chance on public forum to answer the questions raised by Mr Mark Lane and others. If answers exist they should be quite revealing.
